12. Set forth any additional information that demonstrates the quality of your legal work as an attorney.

In my 16 years of practicing law I have handled a variety of litigation matters, including complex business litigation, probate litigation, professional liability defense, real estate litigation, insurance defense, fidelity and suretyship matters, landlord-tenant matters, guardian ad litem appointments, and guardianship and mental health matters. I have demonstrated a great flexibility in my practice and the ability to learn new areas of law quickly. I have also represented a variety of parties: large corporations, individuals, business owners, disabled and incapacitated persons, respondents in mental health matters, children and people from all races, religions, and classes. I understand the human element in litigation and know how to get to the real issues at hand to determine whether there are legal remedies that are appropriate and available. Because of my differing experiences and ability to relate to people and isolate issues, I am often brought into cases that are very complex and/or involve difficult litigants so that I can help broker a resolution. Often those resolutions require creativity combined with a firm understanding of the law and procedure. I am an advocate of common sense approaches that focus on the best interests of my clients and, as a result, I am able to resolve seemingly complex matters efficiently and fairly. I understand that attorneys often need an opportunity to enlighten their clients as to the viability of a case but they also need judges to do their part by being accessible, prepared and rule in a thoughtful and timely fashion. Further, I have run my own law practice for eleven years and have done so without staff. I am highly efficient, conscientious and thorough. I have served on the Probate Divisions' court appointed attorney lists in St. Louis County and St. Louis City for eleven years because of my reputation for zealously advocating for my clients, always being prepared, and having integrity. I believe these skills and qualities will make me an efficient, effective, and fair jurist.

25. State any additional data you deem relevant:

My desire to serve on the bench stems from my upbringing. As a daughter of a Middle-Eastern immigrant and a small town Missourian, I learned that not everyone has access to a fair system of justice. In my early years I was painfully aware of the persecution suffered by those not fortunate enough to live in the United States. Throughout my childhood numerous family members lived with us as they sought refuge from a war-torn and hostile homeland and legally immigrated to the US. Like my father, they risked their lives to become Americans and to have basic fundamental rights they had so long been denied. These experiences shaped my world view, and I developed a deep appreciation for fairness and rules that support equity and justice. Had my father stayed in his country of birth, I would not have had the opportunity to learn first-hand about applying rules to real life situations as the only female baseball umpire at Ballwin Athletic Association. At the formative age of 14 it took a lot of courage to make the calls on a diamond full of older male teenagers, but I quickly learned that a firm grasp of the rules and the confidence to apply them made me one of the more sought after umpires by coaches and players alike. It was not always easy and sometimes the answer was not clear but, with attentiveness, commitment and an understanding of the rules, I made the calls with confidence. These experiences only enhanced my commitment to justice and fairness and furthered my desire to know the rules that applied to those principles. Thus, they became the driving force behind my decision to pursue a career in law. I wanted to contribute to a system that was so fundamentally significant that my family risked their lives to have access to it. I wanted to be in a position where I could learn tangible rules, apply common sense, and help perpetuate fair results. I believe my life experiences combined with my education, common sense, courage, and devotion to public service uniquely prepare me for the bench where I will have to make difficult decisions and do so in a fair, thoughtful, and timely manner.
